Student Free Day – Friday 25 May

Dear parents/guardians,

Tarneit Senior College staff will be participating in a professional development day on Friday 25 May 2018. This day is one of the four student free days allocated to schools by the Education Department each year.

Staff will be working on the continued development of our curriculum programs during the day. The day will focus on how we, as teachers, present our curriculum in engaging ways to students at all year levels.

There are no scheduled classes on this day.

Students will be set work by their class teachers to complete at home on this day.

Normal classes resume on Monday 28 May 2018.

Yours faithfully,

Michael Fawcett
Principal
